

Player safety is our primary concern. We are continuing to follow the State, County and City's health and safety guidelines, which means that practices and game day will look a bit different this fall.

We want to create an enjoyable and competitive soccer experience for your players. Please review the information below for your practices. All teams must abide by the guidelines to play.

Here are our covid19 expectations for the players and coaches:

- Players should wear a mask as they are coming to and leaving the field.
- When players are actually playing, the mask can come down.
- When players are gathering together for coaching instructions, then the masks should come back up.
- Coaches should wear a mask unless you are practicing the 6' social distancing.
- All coaches will have hand sanitizer for players and personal use.
- Players will not share equipment.
 - Players are asked to wear black and bring a yellow and blue shirt to all training sessions.
- Players should stay home when not feeling well.
- Players should stay home if anyone in household is not feeling well
- If your player has traveled out of the state, he/she will have to self-quarantine away from the team for 10 days.
